

# YEAR 1 HOMEWORK TASKS

## Autumn term

- The homework tasks are to link with our topic this half term. They are designed to be enjoyable and meaningful activities that can be done with the support and involvement of other members of your family.
- **The tasks in the circle, shown in red must be completed.**
- **Then choose from the other activities shown in black, you may decide to do one, two or even all of them, it's up to you!**
- **Complete the red homework every week**
- Choose, complete and bring in the other activity homework when you have finished it throughout the half term and holiday. The last date for bringing in homework is 1<sup>st</sup> Nov

**Read your school book as usual with an adult.**

Read the school book a little every day if you can but at least 4 times a week. Read the same book several times. It is really good practice to read it more than once to build fluency. Change your books on a Monday, Wednesday or Friday. Change at least 2x a week 3x is even better.

**Enjoy sharing home or library books too.**

### It's Autumn!

Go on a walk in a wood or park. Find some seeds from the trees like conkers, acorns or nuts. Bring them into school to put on the nature table. Make a label to say what they are.

### Send a postcard

If you travel anywhere especially at half term get your child to write and send a postcard showing us what the place is like. We will love receiving the postcard and we will find the place on the map of the UK in school.

Send to:

Haverigg School, Atkinson St, Haverigg, Millom, LA18 4HA  
It doesn't have to be far. It could be Barrow, Coniston or maybe further afield London, Llandudno or Luton?

### Make a leaf picture

Collect autumn leaves and make a picture outside and take a photo to put on portfolios or bring them home and make a sticking picture.

Google the artist Andy Goldsworthy to see his natural sculptures

### Make a map

Make a map of your house and the places near your house. Remember our maps at school:

Big roads are red, little roads are yellow, houses are black squares, rivers, lakes and sea are blue, green with trees for woods and black for railway lines.

If you want a really big map drawing on a roll of lining wallpaper is great fun.

### Build a wolf trap

Make a wolf trap for Little Red Riding Hood to catch the wolf. Make it out of lego or recycling or anything you have at home. Take a picture of it and put it on portfolios. Make sure that she never has to put up with that pesky wolf ever again!
