

Lots of people enjoyed Haverigg Heritage Trail produced with photographs taken by Year 1 children. They compared today's views with historical photos to find similarities and differences.

Many of the children will continue to follow the trail over the next few weeks in school. Copies are available from Reception or on the website.

Mrs Dawson leads the fencing practice in physical exercise class.

The restoration of Hodbarrow Lighthouse was thanks to Haverigg Primary School pupils but is now only part of the school's history. However every child who attends Haverigg becomes an Honorary Lighthouse Keeper and has a responsibility to look after the lighthouse today.

A big **thank you** to all parents for finding costumes for your children last week. The heritage celebrations were a great success and made all the more memorable as a result of the dressing up. The sight of the school walking to the Lighthouse made the children and community smile. Thank you again for your support.

# Memories of Heritage Celebrations at Haverigg Primary 2008

## FRIDAY

The walk to the lighthouse included lots of discussion about the local mining industry and old/new sea walls.

The views were slightly covered by cloud but geographic land marks were identified and seabirds observed. We also stood and admired Black Combe and remembered how high we had climbed in July.

## THURSDAY ORAL HISTORY

Our school history resources were brought to life by the stories that community visitors shared. The children had an opportunity to ask questions and find out about old artefacts such as a record player, Polaroid camera and butter churn.

The school record books caused great interest too.
